

*We're back!*

# *Growing & thriving through adversity together*

**To the resilient members of our local chapter: As we reemerge from the challenges that COVID-19 brought, we want to commend each of you for your unwavering strength, patience, and dedication during these unprecedented times. The adversities we faced have only made us more robust, and now, with renewed hope and vigor, we are ready to forge ahead.**

**As we reignite our shared passions and aspirations, remember our experiences as a testament to our ability to endure and adapt. With unity, positivity, and a shared commitment to excellence, there is nothing we can't accomplish together. Here's to our future brighter and more promising than ever!**

## *June Upcoming NW Chapter Activities*

### ***CCs/MCCs: 2022 CDI Updates for Clinical Indicators and Query Opportunities - On-Demand.***

*12:30 Mountain Time and 11:30 Pacific Time. Click on title of this section for the link.*

### ***Free ACDIS virtual events hosted by Medovent Solutions***

*Medovent is hosting virtually for the Illinois and Indiana ACDIS chapters in June. Both are prerecorded events, so you do not need to attend live to earn the free CEUs. Both chapters are encouraging participation for any CDI who wants education, so you don't need to be a member of either chapter to register. Here are the topics:*

- *Mortality Reviews (Indiana)*
- *CDI/Case Management Denials (Illinois)*
