ACDIS will award Continuing Education Units (CEUs) for education and training programs, lectures, and workshops, including audio and telephone conferences, on topics of interest and importance to the clinical documentation integrity profession. We particularly encourage presentations about best practices, strengthening CDI procedures and policies, coding and clinical concerns, and team/relationship building with clinicians and other organization/facility departments. One hour of appropriate training and education equals one CEU. CEUs will not be awarded for introductory or welcome sessions, routine chapter business and discussions, election of officers, or for time allotted for breaks or meals.
