Dr. Naif Alhakbani, MD, Cert CII, IFCE, RCM, CRCR
Patient Access Manager
King Abdullah bin Abdulaziz University Hospital
Saudi Arabia, Riyadh

Naif is a highly skilled medical doctor with a robust revenue cycle management and healthcare administration background. Holding a BSc in Medicine and Surgery from King Saud bin Abdulaziz University for Health Sciences and an Executive Master of Business Administration from Prince Mohammed bin Salman College of Business & Entrepreneurship, Naif brings a unique blend of clinical expertise and business acumen to his role as a Patient Access Manager. With a passion for optimizing patient access, improving revenue cycles, and implementing innovative healthcare IT solutions, Naif is dedicated to contributing to organizational success. He has a remarkable achievement as the first Saudi Certified Doctor in Revenue Cycle Management. He serves as the Scientific Committee's Chairman for the Clinical Revenue Estimation training program at the Health Academy in Saudi. Naif is an active member of the Saudi Health Information Management Association (SHIMA) and the International Federation of Health Information Management Association (IFHIMA). He holds certifications such as Certified Revenue Cycle Management Representative (CRCR) from HFMA, Insurance Foundation Certificate Examination (IFCE) and the Chartered Insurance Institute (CII), and Digital Marketing certification from Google. With his extensive knowledge and experience, Naif is committed to delivering excellence in healthcare administration and quality assurance.
